

Snowmobile Trailer

Specifications

Classic TracPac snowmobile trailers lead the industry in quality, durability and reliability. Built with heavy duty tubular steel, they are designed to withstand the demands of heavy use and seasonal terrain. A standard extended tongue simplifies maneuvering. The drive on/drive off ramps make loading and unloading easy and allow you more time on the mountain.

Standard Features:

- Tongue Jack
- Long Tongue
- EZ Lube Dexter Axles
- Drive-Off Front Ramps
- Galvanized Steel Shields
- Grey Powder Coat Finish
- LED Lighting

Options:

- Hydraulic Brakes
- Spare Tire
- Tilt
- Color
- Spare Tire Carrier
